We Warmly Welcome

PROF. DR. SAMI AL-SAMIRI

On occasion of

ANNUAL REPORT 2021/2022

VISION

Our vision is to be the institute of choice for higher learning and to be a melting pot for a distinctive educational experience that combines traditional with contemporary and ensures access to quality education for the farthest reaches of the country with a state-of-the-art education system.

MISSION

The mission of the University of Gwader (UG) is to be the leading university in the country and excel as a one-stop repository of research and development by distinguishing itself through innovation in modern pedagogy and the provision of world-class education. To be the first university in Balochistan that reflects an international range in its courses and program design.

INTRODUCTION

The University of Gwadar is a multidisciplinary public sector general university, chartered by the government of Balochistan in 2021, located at Sarawan Avenue New Town Phase-IV District Gwadar. The Charter of the University was passed by the Provincial Assembly of Balochistan on 3rd November 2018, assented to by the Honorable Governor Balochistan on 19th November 2018 and was notified in the Provincial Gazette on 20th October 2019. Before converting into an autonomous university, it remained a Sub-Campus of the University of Turbat (UoT) from 2017 to 2021 with four teaching departments established in the building of Govt Degree College Gwadar.

The Gwadar Campus of the University of Turbat (UoT) was upgraded into a full-fledged university in 2021 as the UG due to the efforts and support of the campus employees, HEC, Federal & Provincial Governments, public representatives of the area, and civil society. Now the University has Two faculties with Seven departments. Prof. Dr. Abdul Razzaq Sabir (TI) and Dr. Syed Manzoor Ahmed took over as first & founder Vice Chancellor, and Pro Vice Chancellor of the university respectively. While Mr. Dolat Khan and Mr. Shafi Muhammad served as the first Registrar and first Treasurer respectively. Within a short time, the Vice-chancellor, with the support of qualified faculty members and a smart working administrative staff, succeeded in enlisting UG among the fast-growing institute of higher education in the country.

The main objective of the university is to provide quality higher education to the people of the province, mainly the remote and backward areas of Balochistan in districts Gwadar, and neighboring districts to bring them at par with other parts of the province, and the country. The University of Gwadar offers admission to aspirants from across the country without any discrimination in caste, creed, color, and race. The university buildings consist of academic blocks, classrooms, lecture theaters, video conference halls, Computer labs, Cafeteria, student facilitation center, admin blocks, bachelor's hostels, library, and a seminar hall. The University has been at the front line in the efforts to create new vistas of knowledge for the youth of the region. Students from all over Balochistan and Gwadar district in particular are keen to take admitted to this rapidly rising university. Around 60 highly qualified faculty members and administrative staff are making their utmost efforts in providing quality education and enhancing the entrepreneurial skills of around than 1000 students. The faculty members are providing research-led teaching to the students enabling them to become exceptional individuals equipped with advanced knowledge for playing vibrant roles in the development of the nation. To introduce the students to new ideas the University has organized many seminars, workshops, training sessions, Paigham-e-Pakistan events, literary and academic events, international lecture series, certification courses in IT and entrepreneurship, business galas, sports festivals, book fairs, and study and exposure visits. The university through Financial Aid Office is providing financial assistance to its students through Ehsaas Undergraduate Scholarship, BEEF scholarship, HEC Need-Based scholarship, UG merit-based Scholarship, Pakistan Baitulmal scholarship, and other scholarships sponsored by philanthropists and organizations such as the Chinese Ambassador

Introduction

Scholarship The University has successfully held meetings of its statutory bodies frequently. During the first year of its existence, the university has conducted two Academic Council meetings, two finance and Planning committee meetings, and two meetings of the Syndicate. The Senate of the university has expected in the first week of January 2023. The university is well-connected to Pakistan Education and Research Network (PERN). Through Its IT department. The PERN provides fast Internet connectivity services to the student's faculty members and staff. Besides Seminar libraries in each department, the university also has a main library with more than 3,000 books on different subjects.

The Quality Enhancement Cell in the university is fully functional as per HEC guidelines working towards creating high-quality standers for academic teaching and research. Besides conducting faculty training & development workshops, the QEC also prepares self-assessment reports and conducts teacher evaluations. The University has signed several MoUs with leading national and international universities and educational and research institutions for the exchange of research skills, knowledge, and expertise. The Office of Research, Innovation, and Commercialization (ORIC) is striving to establish strong links with the industry to understand the marketplace for future job opportunities for students.

The University is already publishing a Bi-annual newsletter "GWADARIAN" which is a symbol of distinction for the University and a great achievement. Furthermore, a career counseling and students' affairs cell has been established to help the students to resolve job-related issues such as finding work and setting career goals. Many ideas and projects have been proposed as part of the short- and long-term strategic plan of the University.

The proposed projects include introducing maritime and market-oriented programs of studies, sending more faculty members abroad for higher education, training, refresher courses, starting new departments such as English, Chemistry, Economics, and new programs such as Data Science, B.Ed. 2.5 and 1.5 years and 1-year diploma programs in different disciplines, and hosting national and international conferences, are among the main mission of the future road map of Gwadar University.

Message from Chancellor

The newly established University of Gwadar has become harbinger of Change in the field of higher education in the Mekran region in general and in the port city of Gwadar in particular. It is hoped that Gwadar University will open new educational vistas for the young blood of Mekran region and will equip the students with quality education. The students of this University can effectively contribute towards the ongoing leading projects of China Pakistan Economic Corridor (CPEC) at Gwadar for boosting of economic activities. The establishment of the University of Gwadar would go a long way in honing socio economic indicators in the province. Furthermore, the strategic location of the University of Gwadar makes it an ideal hub of socio economic uplift of the entire province of Balochistan.

Access to quality education is the right of every citizen. It is also the social and moral responsibility of every individual to strive for improving his/her educational standard. The Holy Prophet SAW said, "Seek education from cradle to grave". The 4th American President James Medison said, "Knowledge will forever rule ignorance". The World history bears testimony to these golden words. So the only way for competing with the challenges of modern era is quality education which is impossible without quality educational institutes. It is certainly commendable that the University of Gwadar is on the path of progress and achieving its set goals. My sincere support will always remain with the University of Gwadar for leaving no stone unturned in disseminating of higher education in order to produce highly skilled and trained human resource.

I am sanguine that the management and faculty of University of Gwadar would continue its efforts for adorning the youth of province with the ornament of education in a professional and dedicated manner that in turn would burnish the image of province.

Mir Jan Muhammad Khan Jamali
Governor Balochistan (Acting)/
Chancellor University of Gwadar

Message from Vice Chancellor

Thank you for choosing the The University of Gwadar for your higher studies. In fact, in the modern era, advanced knowledge is the most important contributor to professional and economic development. The University of Turbat was established through a charter issued by the Governor Balochistan on May 28th, 2012. UoT is the second general highest seat of learning in the public sector in Balochistan having a noble task to provide higher education to the people of Mekran Division which is 1/5th of the entire area of the province.

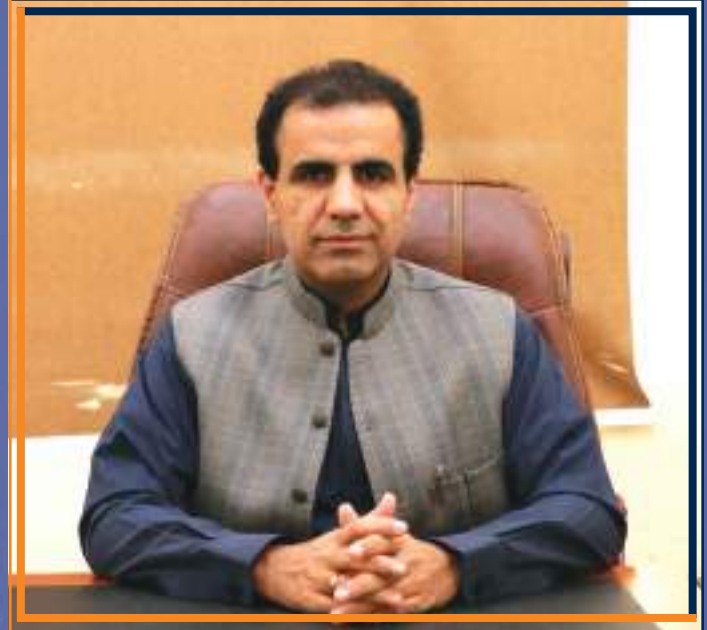

The people of Gwadar are keen to achieve higher education; in the past, seeking higher education at their doorsteps has remained a dream of the people of Gwadar. The dream of the people of Gwadar to acquire higher education at their doorsteps was converted into veracity when the University of Gwadar was established.

The University of Gwadar is in its preliminary phase of establishment. Being the first and founder Vice Chancellor of University of Gwadar I welcome the students from Gwadar and neighboring districts with the expectation that their stay would be worthwhile for the region and their future careers. Education of modern times hinges on creativity, skill development, and innovation. It is the need of the hour that academic degrees should be supplemented with the value addition of innovative approach, creative mindset, and practical knowledge.

Prof. Dr. Abdul Razzaq Sabir (T I)
Vice Chancellor, University of Gwadar

Message from Pro-Vice Chancellor

No other investment can yield as great a return for a society as investing in higher education, for an educated and skilled workforce is the bedrock of progress and prosperity of the people. Education should be our single most important priority. Governments and communities should dream of nothing else. Countries like South Korea, Singapore, Vietnam, Taiwan, Malaysia and China who have leapfrogged in growth and development and shared opulence in the recent past, have all placed education at topmost priority. Yet in the first five decades post-independence we as a nation lacked that single-minded determination for education in general and particularly tertiary education.

The University of Gwadar established in October 2021 is a multidisciplinary institute with an overarching aim to provide affordable quality education to our youth who can provide skilled labour force, leadership and stewardship for the development of Balochistan and Pakistan. The University is focused on providing its students with an outstanding education that equips them with the skills they need to make an impact in their future careers. At University of Gwadar, we are committed to impart knowledge, skills and values of critical thinking and creativity in our students

I am truly honoured to become the first Pro-Vice Chancellor of the University. In just one year time the progress we have made in striving towards our vision, and achievements would not have been possible without the talent, expertise, commitment and passion of our faculty and staff. I would like to take this opportunity to thank them for their invaluable contribution to the University.

The first Annual Report provides an overview of the University's performance in the year 2021-22 by highlighting the wide spectrum of various academic and co-curricular activities at the University and range of important contributions made by the members of the University. As we enter the new academic year, I want to extend my thanks to all stakeholders and community at large for trusting and supporting the University. I hope that you will remain an inalienable part of us in making the University of Gwadar a flagship academic institute of the region. In this report, you will read about how we cemented our leadership role in advancing the cause of higher education, and economic and social development of Gwadar District. The report highlights many of our achievements as a University community and our impact across education, research and society, both locally and nationally, as well as our ambitious plans for the future.

Prof. Dr Abdul Razzaq Sabir (TI) Assumes 1st Vice Chancellor University of Gwadar

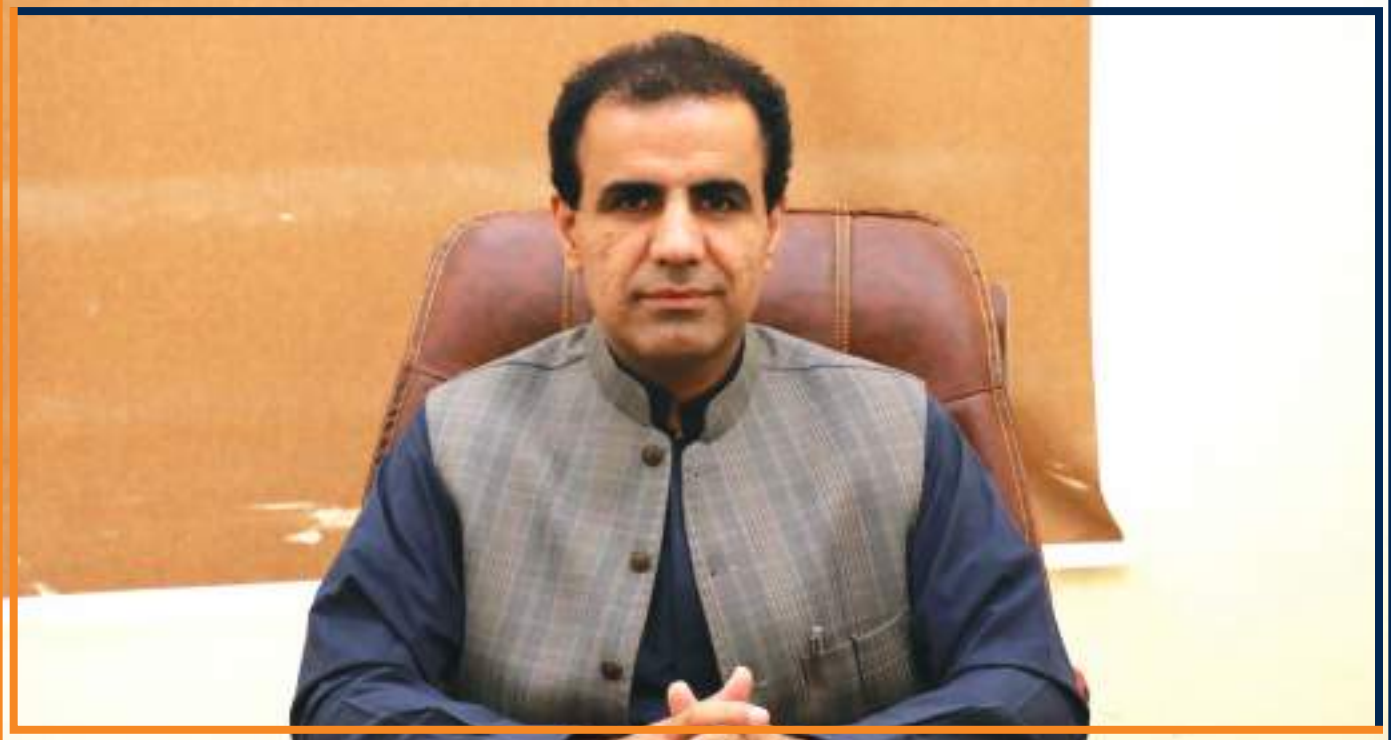

The Honorable Governor Balochistan Syed Zahoor Ahmad Agha has appointed Prof. Dr Abdul Razzaq Sabir (TI) as first vice Chancellor of University of Gwadar on 25th October, 2021. Worthy Vice Chancellor assumed the charge of his office on 29th October, 2021.

Prof. Dr Abdul Razzaq Sabir had served as the first Vice Chancellor of the Turbat University from May 2013 to March this year. His professional, academic and administrative experience spans more than 40 years. He served for four years in Jordan as a scholar for Quaidi-Azam Chair in Urdu and Pakistan Studies at University of Jordan Amman and served as the education, culture and media coordinator (Attaché) of the Pakistan Embassy in Jordan. He also served as Director of Balochistan Study Centre and Chairman of Faculty of Training and Development Centre, University of Balochistan. His research articles were published in journals of the US, Japan, UK, Sweden, Italy, India, Jordan and Libya. He is also the author of various books and was honored with Tamgha-i-Imtiaz by the government of Pakistan on his diplomatic, academic and literary services.

Prof. Dr. Syed Manzoor Ahmed Assumes 1st Pro-Vice Chancellor University of Gwadar

Prof. Dr. Manzoor Ahmed is appointed as 1st Pro Vice Chancellor of University of Gwadar by the Honorable Governor Balochistan/Chancellor UG on the 21st of June 2022. He is a Professor of Economics and ex-dean Faculty of Management and Social Sciences at Lasbela University, Balochistan. He is Coordinator China Pakistan Economic Coordinator, and advisor on Taxation and Revenue, Government of Balochistan, and He was a senior research fellow at Durham University Business School. He obtained MS in Economics and Finance, and Ph.D. in Political Economy from Durham University, a prestigious British University. He was a member Board and Syndicate member of different Universities in Pakistan. He authored 44 peer-reviewed Journal articles covering a wide range of issues including fiscal decentralization, poverty, inequality, the political economy of resource distribution, dynamics of ethnonationalism, conflicts, federalism, and economic development in Balochistan and China-Pakistan Economic Corridor. He has presented his research work and delivered keynote lectures at numerous national and international conferences and seminars. He appears in National and International media as an analyst on Economic Issues in Pakistan.

Mr. Dolat Khan joined as 1st Registrar of University of Gwadar. He assumed the charge of his office on 2nd February 2022. He has joined LUAWMS as assistant Registrar in 2006. He later went to United Kingdom for further studies. He completed his graduation and post-graduation degrees from the UK. On his return he worked as assistant professor and Head of department in English faculty at LUAWMS.

Mr. Shafi Muhammad joined as 1st Treasurer of University of Gwadar. He assumed the charge of his office on 26th April 2022. His professional and administrative experience spans more than 35 years. He served Twenty two years as managerial positions in Banking sector. He also served as Director General Finance in Gwadar Port Authority.

ANNUAL REPORT 2021 / 2022

Introduction

The Department of Education emerged to offer the quality of Education in the Region of Gwadar, Balochistan. It initiated monitoring necessary changes in teaching methodology in the educational field. It promotes excellence in graduate through academic and research and creating a conducive learning environment. It also conducts, encourages and disseminates research in teaching and learning contexts. The Department aims to provide strategic directions to the educational landscape in the country with a long-term vision to develop robust networks across the region. The degree also offers contemporary coursework, exposure to the latest learning technologies, and the integration of theory and practices. It develops a passion for teaching in young minds with plenty of hands-on teaching opportunities and exposes lived experiences of a teacher both inside and outside the classrooms. The Department believes in different assessment strategies to enrich diverse leadership skills in teaching to become educational leaders and transform the education system. Currently, the Department total number of enrollment is 107 in four batches of B.Ed(Hons) And we see a great intake of students from Gwadar and surrounding locals who take an interest in the Department due to its standard and scope. The Department of Education started its journey in 2017, and from 1st batch, 14 students passed out. The Department of Education is always pleased to provide the best of its input and create healthy outcomes as human resources.

ANNUAL REPORT 2021 / 2022

Department of Commerce

Introduction

The academic activities for all four departments including commerce were formally started from 16th January 2017 and Department of Commerce has successfully passed out its first batch of two years B.Com session 2017-18. After successfully passing out a two year program, the Department of Commerce has announced its BS-Commerce (4 Years) program from 2018 as Higher Education Commission (HEC) Pakistan instructed to phase out all two years bachelor programs. From 2018 onward, Commerce is currently running its BS Commerce (4 years) and its 4th batch in the same. After a successful journey of four (4) years as a campus, the Gwadar Campus has formally converted into a Full-fledged University as University of Gwadar on 25th October 2021 by appointing its first Vice Chancellor. Luckily, Prof. Dr. Abdul Razzaq Sabir, as first Vice Chancellor University of Gwadar took over the charge on 29th October 2021. Department of Commerce in all Universities within a country plays a pivotal role in the promotion of commerce related activities like trade and logistic, import export, auditing and taxation, accounting and finance with all other relevant fields that are the key contributing areas of social and economic development of a nation. With the same perspective and vision, the department of commerce along with its core team, is providing its utmost capacity to work for the region by engaging the energetic youth of society and making them to be enrolled in different programs which are running under the renowned stream known as Commerce. The programs that we have, are designed with theoretical, conceptual and practical knowledge including Business, Economics, Finance, Banking, Auditing, Taxation, Accounting, Management, Business Law and many other fascinating subjects necessary to understand commerce stream and their implementation in real life. It also introduces practical knowledge including Industrial and Banking sector visits, capital market like Stock Exchange, Internship and report writing, projects and group works on different organization which are the biggest sources of imparting practical wisdom and understanding the real life situations while working in regional, national and international level organization around the world.

University of Gwadar

University of Gwadar's 1st Academic Council meeting

The first Academic Council meeting of the University of Gwadar was held on 15th December, 2021, which was chaired by worthy Vice Chancellor Prof. Dr. Abdul Razzaq Sabir. The meeting was attended by All heads of academic departments and other respected members of the first academic council of UG. The Vice-Chancellor described it as a historic occasion and congratulated the members on this important occasion. He said that in a very short period, the university has not only formed its own important constitutional and policy-making bodies but also its meetings are taking place. He expressed his determination that as a result of this teamwork, the university would soon become an important place not only nationally but also internationally.

University of Gwadar's 1st Syndicate meeting

The 1st meeting of the Syndicate of the University of Gwadar was held on 11th February 2022 at HEC Regional center Karachi under the chairmanship of the UG Vice-Chancellor, Prof. Dr. Abdul Razzaq Sabir. VC briefed the house about the working, progress, and future planning of the University for ensuring quality education and promotion of research activities in the university. VC said, with the continued keen interest of the public representatives, civil society, and timely support from HEC, federal and provincial government. The meeting was attended by the Syndicate members.

University of Gwadar's 1st Finance and Planing Committee meeting

The University of Gwadar's Vice-Chancellor Prof Dr. Abdul Razzaq Sabir (TI) presided over the 1st meeting of the Finance and Planning Committee on 7th March 2020 at the HEC Regional Center Quetta. The meeting discussed variously financial matters of the university and the forum while approving the agenda items emphasis on government support of the newly established university. The meeting was also attended by members of the Finance and planning committee Secretary, Forest Department Balochistan Dostain Khan Jamaldini, Additional Secretary Governor secretariat Zeeshan Raza, Deputy Secretary Finance Abdul Jabbar, Deputy Secretary Development Higher Education Department Jahanzeb Mandokhel, Registrar UG Dolat Khan, Acting Treasurer Rehmat Ullah, Lecturers Sagheer Naseem, Mujahid Hussain, and Zain ul Abideen were present at the meeting.

University of Gwadar's 2nd Academic Council meeting

The vice chancellor while presiding over the 2nd meeting of UG Academic Council held on 17th September 2022, appreciated the efforts of UG administrative staff and faculty members for

maintaining good governance and providing quality education to the students in the line of modern requirements.

The meeting was attended by the academic council members of UG. VC Prof. Dr. Abdul Razzaq Sabir assured of providing better environment and facilities for the promotion of quality research and academic activities.

The council endorsed the minutes of the 1st meeting of academic council. It also discussed and resolved various matters related to academic development of the promotion of research activities in the university.

University of Gwadar's 2nd Syndicate meeting

University of Gwadar's 2nd meeting of Syndicate was held on 1st October 2022 at university's Library which was chaired by worthy Vice Chancellor Prof. Dr. Abdul Razzaq Sabir. The meeting was attended by the honorable members of the Syndicate including Abdul Nasir Dotani PS to Chancellor/Governor Balochistan, UG's PVC Prof. Dr. Syed Manzoor Ahmed, Registrar Dolat Khan, Director of Finance Shafi Muhammad, acting dean faculty of Management Sciences, Commerce and Social Sciences Prof. Dr. Jan Muhammad, acting dean faculty of Science, Engineering and Technology Dr. Dhani Bux Talpur, UG's Acting controller Examinations Mujahid Hussain and director QEC Dr. Kambar Farooq participated. The UG's registrar Mr. Dolat Khan presented the agenda of the meeting before the house for deliberation and decisions.

The August forum discussed each agenda in detail and decided on important matters such as launching new programs and granting approval to regularize the services of contract employees. The honorable members deliberated and resolved all the immediate issues related to the academic, administrative, and finances of the university.

University of Gwadar's 2nd Finance and Planning Committee meeting

The 2nd meeting of the Finance and Planning Committee of the University of Gwadar chaired by Vice Chancellor Prof Dr. Abdul Razzaq Sabir, was held on 16th September 2022 at UG. Besides VC UG the meeting was attended by Pro Vice-Chancellor Prof. Dr. Syed Manzoor Ahmad, Secretary Local Government of Balochistan Dostain Khan Jamaldini, Director Higher Education Commission Regional Center Karachi, Javed Ali Memon, Registrar UG Dolat Khan, Director Finance Shafi Muhammad, Acting Controller of Examinations Mujahid Hussain, Dean Faculty of Management Sciences, Commerce and Social Sciences Dr. Jan Muhammad, Dean Faculty of Science, Engineering and Technology Dr. Dhani Bakhsh Talpur, Director QEC Dr. Kamber Farooq. Addressing the occasion, the Vice Chancellor said that the development of any institution depends on good financial management and good governance and his institution will never compromise on financial integrity and transparency. VC added that the role of the university is very important for the development of the infrastructure of the university and the promotion of higher education in this part of the country.

On this occasion, he appreciated the cooperation of Federal Minister Mr. Ahsan Iqbal and HEC officials for including the Gwadar University project in the federal PSDP and he also appreciated the cooperation of Governor Balochistan, Chief Minister Balochistan Mir Abdul Quddos Bizenjo, senior officials of the Department of Finance and Higher Education of the Government of Balochistan for solving the financial problems of Gwadar University and including it in the provincial grant. In addition, in the meeting, Director Finance Shafi Muhammad presented the minutes of the previous meeting 2021-22 for confirmation. The meeting approved the revised budget and estimates for 2022-23. Discussed the revised budget estimates for the financial year 2021-22 and the final budget for 2022-23.

Directorate of Public Relations

Introduction

The century we live in is the century of media. With fast-growing technology, the media has also witnessed greater changes in its scope. The success of any Institute depends upon the media coverage, as without the news in the media, the events go unnoticed and lose their significance. At the University of Gwadar, this sensitive and onerous responsibility of media coverage, documentation of the news, photo records of the events, and their wide publicity is taken by a vibrant, active, and vigilant team working in Media Section.

Though currently restricted to a single room, this section covers every event, official visit, workshop, seminar, sports event, research, and academic activity covering the entire campus. At the reach of this section is every faculty and every activity of the Administration Block. As the representative of the University, the responsibility of the Media Section is not restricted to coverage of the news alone; this section also brings out the 'GWADARIANS' Newsletter, which plays a vital role in the publication of every document of the University ranging from Prospectus to the Annual Reports, etc.

Media Section also highlights students' participation in curricular and co-curricular activities. It is the section, usually referred by the students, parent journalists, and the public for authentication of information, confirmation of dates, and official point of view of the University. Thus, the Media Section of the University of Gwadar is not limited to news alone, it has become an information desk of the University and a highly visited section of the University by students and faculty alike. All this has been possible with the kind and benign patronage of the Vice Chancellor who allows this section to work independently and with ease. The section also actively covers social media through Facebook, Instagram, Twitter Pages, and WhatsApp.

The vision of the Media Section

Our vision is to be the ambassador of the University by highlighting all the leading events, occasions, visits, and academic as well as research activities to the print, electronic and social media to create a soft, brighter, and better image of the University with dedication, commitment, and sincerity.

Aims & Objectives

1. To be the representative of the University.
2. To give proper media coverage to all the events, occasions, visits, research as well as academic activities.
3. To create a soft, brighter, and better image of the University through print, electronic and social media.
4. To keep and maintain a record of all the events.
5. To keep a vigilant eye on every news regarding the University and defend the

University (in case of any false news published against the University).

6. To represent the University on various platforms.
7. To promote the aims and objectives of the University through media coverage.
8. To advance the academic excellence of the University through print, electronic and social media to general public support and appreciation.

Photo Desk

Photo Desk, on the request of concerned sections and after the prior approval of the Competent Authority will arrange the photo coverage of functions and activities of various departments/ sections of the University for the Press, university website, and social media for publicity and image building of the university.

Advertisement

The Advertisement Desk will offer its services to win the attention of the people toward the University of Gwadar through advertisements in print/electronic and digital media networks. The advertisement desk will facilitate to release of university classified advertisements/ announcements/ public service messages in the press and digital media Networks on approved government rates.

ANNUAL REPORT 2021 / 2022

The UG signed MoUs with the University of Turbat (UoT) and the Lasbela University of Agriculture, Water and Marine Sciences (LUAWMS) on 28th December 2022 at HEC Regional Centre Quetta.

MoUs were signed between UG, UoT, and LUAWMS to have agreed to joint research activities, Exchange of faculty members for research, lecturers, discussion, exchange of students for study and research, and promotion of educational opportunities for students of both universities.

The UG has signed an agreement with the Jiangsu University China. Universities agreed to cooperate with each other in research, students and faculty exchange and academic programs. The collaborators intend to engage in Belt and Road Initiative PhD and Postdoc faculty members collaborative program in the field of Engineering, agricultural science, medicine, management etc. For the interest and benefits of the both universities.

A Memorandum of Understanding signed between the UG and Pakistan Maritime Security Agency (PMSA) Prof. Dr. Abdul Razzaq Sabir, Vice Chancellor University of the UG, and Prof. Dr. Syed Manzoor Ahmed, Pro Vice Chancellor UG called on Deputy Director General PMSA to sign the Memorandum of Understanding (MoU) on September 6th, 2022. UG and PMSA have agreed to collaborate for faculty and students exchanges, curriculum development on maritime affairs, and internship programs for UG students at PMSA.

A Memorandum of Understanding (MoU) was signed between University of Gwadar and Virtual University of Pakistan in Islamabad to promote Digiskills program in Balochistan. Vice-Chancellor University of Gwadar EMER Prof. Dr. Abdul Razzaq Sabir and Director Virtual University of Pakistan Dr. Arshad Saleem Bhatti signed the Memorandum of Understanding. The MoU is to ensure cooperation between the two institutions to promote the Digiskills program for Balochistan students in the province.

The University of Gwadar has signed an agreement with IPS. Both institutes agreed to foster dialogue among scholars, experts, and policymakers, and offer joint certificate and diploma courses as well. The MoU was signed between both institutes. Prof. Dr. Abdul Razzaq Sabir, Vice-Chancellor, University of Gwadar, and Khalid Rahman, Chairman of the Institute of Policy Studies (IPS).

The University of Gwadar and Elite Sports Pakistan signed a Memorandum of Understanding on 15th November 2021 at UG. The MoU was aimed to promote university sports commercialization. Mr. Saghir Naseem Director of Sports and Mr. Akmal Khan signed the agreement in the presence of the worthy Vice Chancellor. ESP will Commercializing University Sports through filming, broadcasting, and creating University players and team fan following in print, electronic media, and social media.

Office for Research, Innovation & Commercialization

Mr. Saghir Naseem
(Act) Director ORIC

Introduction

Higher Education Commission (HEC) intends to create and sustain a dynamic and internationally competitive research sector in Pakistan that contributes significantly to economic prosperity, national well-being, and knowledge expansion and dissemination. One of the HEC's primary strategic goals is to promote research.

The HEC's program and initiatives for strengthening research and the process of knowledge creation have resulted in remarkable improvements in the quality and quantity of research output from the country's universities and institutes, and Pakistan has been recognized as a rising star in a number of research disciplines in terms of percentage increase in internationally cited research publications.

The office of research innovation and commercialization (ORIC) at the University of Gwadar was established in accordance with the Higher Education Commission's (HEC) goals of making a significant contribution to economic prosperity, national well-being, and knowledge expansion.

Mission

The Office for Research's mission is to develop, expand, improve, and manage the university's research programs, as well as to link research activities directly to the university's and the broader community's educational, social, and economic priorities. The office is also in charge of ensuring that the quality of research meets the highest international standards and elevates the university's standing among the world's best research institutions.

Furthermore, the office aspires to be the best research Centre in the region, as well as to establish and maintain productive relationships and linkages with governmental agencies, international academic and governmental agencies, private sectors, industries, elementary and secondary schools, and colleges. Furthermore, the office's core values would remain innovation and idea generation, patents, and innovation.

The Office of Research is responsible for ensuring that all research programs and policies reflect the core values of academic freedom, professional integrity, and ethical conduct, as well as full compliance with all university policies, legal requirements, and operational standards.

Goals

The main objectives of the ORIC at UG are as follows:

- * To develop and implement the university's strategic research direction and policies.
- * Expanding and diversifying research funding.
- * To foster an environment in which research continues to be an important component of academic activities at UG.
- * Ensure that high-quality research that is directly relevant to Pakistan's needs is conducted.
- * To make it easier to establish connections between UG and industry.
- * Informing faculty and students about available research funding opportunities.
- * To encourage and assist UG researchers/faculty in obtaining research grants from the public and private sectors.
- * Assist in the timely completion of funded research and development projects.
- * Maintain effective and productive communication channels with funding agencies.
- * Facilitate and support UG researchers in the publication and presentation of their research work through participation in research activities in order to meet industry needs.
- * To improve/strengthen the university-industry relationship.
- * Holding national and international conferences/seminars/sessions.
- * To assist students in obtaining funding for their research projects.

Quality Enhancement Cell

Introduction

The Quality Enhancement Cell (QEC) is established at the University of Gwadar to create a culture of self-evaluation and quality consciousness among its stakeholders, recognizing the fact that continuous evaluation and appraisal of oneself is the basic ingredient of growth and improvement in any individual or organization. The main objective of this section is to ensure not only to meet the basic quality standards and protocols set by the Higher Education Commission (HEC) but to strive to create a unique and admirable place among all the higher educational institutions of Balochistan. The QEC of the University of Gwadar endeavors to achieve these objectives by engaging all the stakeholders on a regular basis, carrying out self-evaluation exercises as per standards set by HEC, establishing a friendly and reliable communication system with the concerned departments and providing feedback and guidelines to them in order to fill the gaps and take corrective actions or initiatives, for the purpose of quality improvement as well as for growth and betterment of the educational system in the institution.

The QEC, being aware of the increasing challenges faced by the educational institutions globally as well as within Pakistan, strives to assist the management in bringing appropriate changes in the system or devising new systems to cope with the challenges. Achieving these objectives is possible only when full cooperation is received from all stockholders, especially from the academic departments and faculty, who are the ones taking practical steps and measures to ensure compliance with quality standards. We, therefore, look forward to getting maximum support and cooperation from both the administration and academic sides to achieve our institutional goals and objectives.

Vision

Our vision is to transform the University of Gwadar into a highly quality-conscious institution of higher education, fully concentrating on meeting HEC's quality protocols and international quality standards.

Mission

Our mission is to help the academic departments and administration in setting quality standards for all functions of the University of Gwadar, keeping in view the quality guidelines of HEC, as well as the national and international trends in the field of higher education and to ensure compliance of the same through continuous engagement with all stakeholders. We aim to deliver quality education to our students and to enable an atmosphere of creativity for new ideas to thrive.

Functions of Quality Enhancement Cell

According to the Higher Education Commission of Pakistan, the following are the main functions of the Quality Enhancement Cells:

1. The Quality Enhancement Cell (QEC) is to be headed by the Director QEC and will be reporting directly to the Vice-Chancellor. QEC is to be the correspondent with the outside bodies.
2. QEC is responsible for promoting public confidence that the quality and standards of the award

of degrees are enhanced and safeguarded.

3. QEC is responsible for the review of quality standards and the quality of teaching and learning in each subject area.

4. QEC is responsible for reviewing academic affiliations with other institutions in terms of the effective management of standards and quality of programs.

5. QEC is responsible for defining clear and explicit standards as points of reference for the reviews to be carried out. It should also help the employees to know what they could expect from candidates.

6. QEC is responsible for applying Pakistan Qualification Framework for curriculum development.

7. QEC is responsible for developing program specifications. These are a standard set of information clarifying what knowledge, understanding, skills and other attributes a student will have developed on successfully completing a specific program.

8. QEC is responsible for developing quality assurance processes and methods of evaluation to affirm that the quality of provision and the standard of awards are being maintained and to foster curriculum, subject and staff development, together with research and other scholarly activities.

9. QEC is responsible for ensuring that the university's quality assurance procedures are designed to fit in with the arrangements in place nationally for maintaining and improving the quality of Higher Education.

10. QEC is responsible for developing procedures for the following:

- a. Approval of new program
- b. Annual monitoring and evaluation, including program monitoring, faculty monitoring, and student perceptions
- c. Departmental review
- d. Student feedback
- e. Employer feedback
- f. Quality Assurance of Master's, M. Phil and PhD degree programs
- g. Subject review
- h. Institutional assessment
- i. Program specifications
- j. Qualification framework

Directorate Information Technology

Introduction

Information Technology directorate is the backbone of any organization. Organizations are empowering their Information and Technology departments to meet the challenges of modern era. The Directorate of Information Technology at University of Gwadar has been established to support and strengthen quality higher education and Research in the institute. It is mandated to provide IT standards, guidelines and policy, strategic plan, and development in the University. The directorate maintains oversight for matters delegated under this jurisdiction, and acts authoritatively within the scope of established policies, procedures, and guidelines for its operations. Directorate of IT strives to provide dedicated Services to Students, Faculty, Administration. The Services being provided by IT Directorate Include:

1. Internet Connectivity Through Pakistan Education Research Network (PERN 2):

PERN is a subsidiary organization of Higher Education Commission which connects and provides ICT services to Educational Institutes and R&D Organizations. The University of Gwadar is connected to PERN with @60 Mbps dedicated bandwidth. Internet Services are being provided to all the campuses/building as well as hostels and other residential areas through ethernet cables and Wifi-hotspots, managed via Local Area Network (LAN) of UG.

2. State of the Art Computer Labs:

PERN is a subsidiary organization of Higher Education Commission which connects and provides ICT services to Educational Institutes and R&D Organizations. The University of Gwadar is connected to PERN with @60 Mbps dedicated bandwidth. Internet Services are being provided to all the campuses/building as well as hostels and other residential areas through Ethernet cables and Wifi-hotspots, managed via Local Area Network (LAN) of UG.

3. Web Administration:

University of Gwadar has a fully functional up to date website. The website contains all the information and updates related to the structure and regular activities of the university. It will be embedded with student information portal in near future.

4. Email Administration:

Official correspondence at UG is being done using official email Ids provided to the staff, maintained by IT Directorate. Furthermore, the students have also been assigned official email Ids for LMS services.

5. Access to Licensed Software:

The staff and students are being provided licensed software services like Windows 10/11, Microsoft Office, Microsoft Office 365, Visual Studio, Turn it in and many other software products.

6. **Video Conferencing.**
7. **Surveillance Systems – 24/7 Campus Security & Video Surveillance.**
8. **Telephone connectivity across the campus offices.**

1. Establishment of a Data Center at the University Campus.
2. Establishment of A1 & Data Science Computer Laboratory
3. Complete Fiber Optic Connectivity to all campus buildings
4. Development and deployment of Campus Management Solution
5. Development and deployment of Learning Management System (LMS)
6. Deployment of Intercom System across campus offices.

Workshop on “Role of Curriculum in National Building.

A workshop on “Role of Curriculum in National Building” held on August 30th 2022 at University of Gwadar. Prominent educationist and Project Director for National Curriculum Dr. Maryam Chughtai was the guest speaker for the workshop. Dr. Maryam Chughtai responding to students’ questions in the workshop highlighted the facts that the curriculum is not only a book but also practical matters concerning teachers and students as end users. Policies are formulated for the curriculum but there is no plan for implementation at the grassroots level. Educational improvement is not possible by filling classrooms, nor is educational improvement possible only through providing facilities. She

underscored the need for involvement of end users and all stakeholders while devising policies for improvement of education. In order to improve national education, apart from curriculum, professional training of teachers is also mandatory. Holding teachers accountable is not just the government's responsibility. Students should be aware of their constitutional educational rights. University of Gwadar Pro Vice-Chancellor Prof Dr. Syed Manzoor Ahmed, Registrar Dolat Khan, Faculty members and students were present on this occasion.

Students of the University of Gwadar participated youth engagement program

Students from different academic departments of the University of Gwadar led by Mujahid Hussain HoD Commerce Department participated youth engagement program in collaboration with the Chinese Embassy.  University of Gwadar

Hi, I am Waleed Wafa, an alumnus of Gwadar University from the Education department batch 2018 formerly known as the University of Turbat Gwadar Campus.

Now I am doing my M.phil in educational leadership in management from the Iqra University of Karachi. I spent my golden 4 years of life in the domain of Knowledge, Wisdom, and Service. I am honored to be a part of the University of Gwadar. I learned many great ideas from my scholars and now I can communicate with the scholarly world because of my teachers. The University of Gwadar played a key role in transforming me into a professional realm of knowledge to face the competitive world and has given me memories to cherish forever.

I believe in one thing: a true seeker's light is more magnificent than sunset or sunlight. So, my humble request to all the seekers of knowledge and learners of Gwadar & Makran is to come and join the university of Gwadar and be a part of the change.

MS. HUNAIZA GHULAB
 BBA 2018 - 2021
 University of Gwadar

My journey in University of Gwadar has been incredibly amazing. The university has taught me no matter what happened, I had the peace of mind knowing that all of the chatter, the name-calling, the doubts all of it was just noise. It did not define me, it didn't change who I was and most importantly, it couldn't hold me back. I will always be grateful for being part of this university.

The university has taught me how to be good at Networking and how it will help me in the future. The other thing I'm grateful that I learned from university is having good Communication skills. I'm thankful to all my instructors who whole-heartedly contributed to my success in Graduation.

OUR TESTIMONIAL

MS. JAWERIA NABI BAKHSHS
BS-IT Batch 2018 - 2021
University of Gwadar

A journey of a thousand miles begins with just one step. Currently, I am serving at the University of Gwadar as a Visiting faculty and as a Lab Assistant, the center which played a pivotal role in my life. I was an introverted girl who was just within herself and socializing always just remained a nightmare to me because I was limited to my boundaries but the environment of the University of Gwadar has encouraged me to be the elite version of myself, just like articulating my thoughts and stating my perceptions in the sight of plenty.

I have the privilege of leading students in a well-ordered manner due to which I have been recommended as a Lab Instructor and a visiting lecturer at the University of Gwadar. I initiated my university life as an average student, who did not owe any aims regarding studies. Entering this institution as an ordinary student to the Topper of my class by the grace of Almighty led me to believe nothing is impossible. I pay my gratitude to the highest and second to the University of Gwadar for everything I am today. I look forward to contributing in the best way I can. the university of Gwadar provides comprehensive guidance, insight, and grooming to prepare a solid foundation for your career. If anyone wants to excel in their career in Gwadar I would recommend the University of Gwadar.

MR. AMBER BAKHTIAR
BS-Com Batch 2018 - 2021
University of Gwadar

Being enrolled in university of Turbat (Gwadar Campus) was the best decision of my life until now. This institute didn't just shape me in new ways but also through its experienced staff and lecturers I now vision opportunities from a different perspective. In UoT Gwadar Campus, I spent a worth living life through which I discovered my real strength and worked on those features that have always helped me to be unique in my academic career. The diverse team of faculties have always influenced to think differently and identify what differences I can make by utilizing my potentials that can lead me to focus on the objectives which I dream to be in near Future.

University of Turbat (Gwadar Campus) was not just an institution but a home for me because I met everyone like a family in terms of caring team of faculty members and a group of cooperative students during my entire educational life. The courses were not just taught but practically implemented by the teachers in terms of different academic and extracurricular activities the polished as well as enhanced the qualities of students. I am currently working as an Auditor in Civil Aviation Authority (CAA) Gwadar Airport and It feels me proud of being an alumni of this prestigious institute and pray this institute keeps enlightening students with bright future and Reshaping our coming generation to meet the challenging future.

Annual Sports Week 2022 started at the University of Gwadar on 22nd March 2022 which was inaugurated by Mr. Dolat Khan Registrar, University of Gwadar. On this occasion, a colorful ceremony was organized by the University Directorate of Sports and administration. PSO to Vice-Chancellor UG Mr. Rehmatullah, HoD Education department Mr. Mukhtar Bashir, HoD Computer Science Department Mr. Muhammad Akram, HoD Commerce Department Mr. Mujahid Hussain, administrative department, faculty members, players, and students attended the inauguration ceremony. Addressing the occasion, Registrar Mr. Dolat Khan said “University of Gwadar is organizing it’s first Sports Week. it is the tradition of the Universities to organize sports week every year. Sports activities are essential for the physical and mental health of the students and university staff. The extra-curricular and co-curricular activities are an integral part of the university’s academic calendar which aims to refresh the students and faculty members for the academic workload.” Registrar added that besides organizing sports activities inside the University, we would also provide a platform and opportunity to our talented students in order to actively take part in the sports events that are held outside the campus for enabling our students to showcase their co-curricular skills at the local and national level. Registrar Mr. Dolat Khan lauded the efforts of the Sports Director Saghir Naseem and his team for organizing annual sports week in a professional manner. Addressing to the media team of university, Saghir Naseem, Director Sports, said that in the week-long sports activities, male and female students would participate in different indoor and outdoor sports including cricket, football, Beach Soccer, Beach volleyball, Rope Pulling, table tennis, and other local national games.

The first-ever Beach Games organized by the University of Gwadar

Worthy Vice-Chancellor Prof. Dr. Abdul Razzaq Sabir welcomed the first-ever Beach Game organized by the director of Sports Mr. Sagheer Naseem calling it a good initiative for sports week 2022. The Beach Games were formally inaugurated on March 22, 2022, during the annual Sports Week 2022 by the Registrar of the University, Mr. Daulat Khan Baloch. On this occasion, Sports Director Saghir Naseem conveyed the message of the Vice Chancellor to the participants. In his message, the Vice Chancellor congratulated the students and the administrative officers, heads of departments, and faculty on the historic occasion of the first Sports Week organized by the UG. In particular, congratulating Director Sports Saghir Naseem and his management team, he hoped that Sports Week would provide entertainment to the students of the university as well as help them to showcase their extracurricular talents. He said that this is probably the first time that Beach Games are being organized by any university in the country, and it will continue to do so.
